

# It's a Baby Dragon

**Student Age**  
2 to 4 years

**Vocabulary Learned**  
500 words

**Number of Lessons**  
40 lessons

**Lesson Length**  
45 minutes

Original songs and engaging videos make this specially designed course for toddlers a joyful and musical introduction to the English language.

In *(country name)*, audio tracks are downloaded online.

Sam the prince, Fluffy the cat and Didi the Dragon light-heartedly introduce very simple English language to young learners. Appropriate for beginning or continuing students, children learn English easily and naturally through entertaining learning activities, games, lots of songs and classroom conversations.

Through interactions with other children, young learners engage in easy and fun conversational English and repeated background hearing at home ensures that children learn English as easily as they learn their mother-tongue.
